

FORORD

KRYDS A er tænkt anvendt ved begynderundervisningen — begyndende med meget krævende elever i slutningen af 1. klasse — og ved de forskellige former for specialundervisning. Bogen kan benyttes både individuelt og ved holdundervisning, den er bygget op over ialt 130 forskellige ord, som alle forekommer flere gange, ordene er samlet i en ordliste bagest i bogen, således at bogen både kan anvendes til stavetræning og ordbogsøvelser.

Alle de ord, som forekommer i ufuldstændig form, gentages nederst på siden, for at sikre den rette forståelse. Det anbefales at skrive disse ord først.

Sidst i bogen er indsat 2 krydsord af samme sværhedsgrad, som krydsordene i Kryds B. Nye ord, som forekommer i disse, er ikke medtaget i ordlisten.
