The turnout for our rides that we have been having is really gratifying. For the most the weather has been delightful and the routes have been very desirable. We've had a few flats, but with so many people to help, we could turn in a pretty good time at Indianapolis for tire changing.

We would love to have even more of you join us on our rides, so in case you have lost your yellow schedule, the above is the latest listing for July.

Hope to see your ALL soon....
