

## MONTHLY MEANDERS

The Wheeling Wheelmen.....August, 1992

Hey, look at this crummy newsletter! What happened here? Well it's like this: I bought a house and moved into it this month and well, things got a little backed up. So "Monthly Meanders" will return to its regular format next month and I will run all of the articles that were sent in. As for this month, I'm just running the bare minimum as it was sent to me. (By the way Pete, what is all that garbage in the background of your article?)

For future reference, my new address and phone # are:

**Craig Jorgensen**  
**34791 Long Ave.**  
**Ingleside, IL 60041**  
**(708)740-3211**

While we're on the subject of names and addresses, let me remind you once again, that if you do not receive your newsletter in the mail (hopefully by the first of the month), You must call Sandy Holtzrichter at (708)516-1817 to find out what the problem is (like maybe you forgot to pay your dues) and then see if Pat Marshall or Ralph Pedraja has an extra copy. Once I drop this off at the printer I'm through with it. I don't stuff it, I don't mail it, and I don't have any back issues on hand, so a call to me is a waste of a quarter. But if you're not getting your newsletter, then I guess you're not reading this anyway, so...Catch 22.

Two more things before I print this sheet out--this will be my last year on the newsletter, so it's time to start grooming a replacement. I've got software you can use, and of course we have this nice Okidata laser printer...so give me a call.

Finally, my special thanks (in no particular order) to Andy, Jenny, Steve, Ed, Dave, Bill and the others that helped on the BIG MOVE.

Craig - please include this in the next newsletter. Thanks. *Cindy*

#### HARMON HUNDRED

This year's Harmon Hundred is set for September 13 -- be sure to mark the date on your calendar. This is the club's major fundraiser, and also our primary opportunity to present ourselves to other clubs and riders. We want to make a good impression and give everyone involved (including ourselves) a good time.

This is the time that we seek volunteers. The participation of everyone is necessary to make the Harmon a success. There are a lot of different jobs available and opportunities to find something that you will find fun and interesting. Here's the committees where volunteers are needed:

**FOOD:** Chaired by Sue & Mark Beiderwolf. This committee needs people for both Saturday and Sunday. The supplies for the sag stops arrives on pallets; the Saturday crew will help break down the pallets and organize the food to be delivered to the sag stops. On Sunday, the food will be delivered in the morning, and will have to be picked up and disposed of in the evening. Three or four people are needed for each crew -- people with vans or trucks are especially welcome for Sunday.

**PARKING:** Chaired by Al Berman. This committee will organize the traffic coming into Wauconda Orchards. Even though it sounds mundane, remember that there will be as many as 1600 people, which is a lot of cars! It's important to us and the Orchard that traffic is organized and that their regular business is not disrupted. People are needed most for the morning when the riders arrive, and also during the day to assist departures. Sixteen volunteers are needed.

**REGISTRATION:** Another important job, although it's primarily a desk job. This is the crux of the event: taking names, taking money, giving out cue sheets, t-shirts, patches, fanny flags, and so on. Chaired, as always, by Phyllis Harmon. Volunteers are needed most between 7 and 10 when the riders come in, but people are also needed during the day to check them in as they finish. Twenty to 24 people are needed.

**SAG DRIVERS:** These volunteers, led by Ralph Pedraja, will ride the route to insure that the participants are not encountering any problems. If there are problems, or even questions, these people assist by helping however necessary on the road. Eighteen drivers are needed.

**ROUTE MARKING:** It's self-explanatory, and essential. If the route marking is bad, half the riders get lost (I don't know why those people can't follow a cue sheet!) The job is done, generally, within the week before the ride. You simply have to ride around on the route with a stencil and spray paint, like

Our training and collections are both coming along well and we'd like to thank everyone who has supported us with their donations and generosity (and if you haven't, it's not too late, every little bit helps!) If you've sponsored us but haven't sent the money, we'd be happy to turn it in by the end of August. Thanks again. Remember, all is tax deductible and it will help a local cause where Peter will personally see where the money goes and the LAW which exists for you.

If you have any questions, please call and if we're not home, catch us on the bike.

New Starting Point for Big Rock Ride

Corner of McLean and West Hopp roads in Country Corners shopping center.  
Take 90 west to elgin, exit at route 31 south. Go right on Wing street to McLean, go left and take it down to west hopp and the shopping center. Start at 8:00 A.M. distance 60 miles.

some sort of graffitist, and mark W's all over the roads. Sandy Holzrichter chairs. Eight people handle the job.

SAG STOPS: These volunteers man (person?) the five rest stops on the route. Here's a summary:

Glacial Park, chaired by Howard and Lois Paul. This stop is on the 50, 75, and 100. It's a great opportunity for those who want to get out early, since most of the riders are through by 11. It's also a really pretty site. It needs 8 volunteers.

Hebron sag, chaired by Mike and Wendy Adelman. This is the place where the 75 and the 100 separate. It needs 6-8 people.

Beck's Woods (Chemung), chaired by Kurt Schoenhoff. This stop is on the 100 only, so you deal only with the hard core riders. (Or the people who are doing a century for the first time.) If you want a chance to talk with the participants, this might be a good choice, since the stop is much less crowded. It needs 6-8 people.

Raintree (Woodstock), chaired by Joe and Sue Lippere. This stop services riders on the 75 and the 100. It will be open longer than the Hebron stop, but it should also be less intense, since the riders will be more spread out by the time they start arriving. Six to 8 volunteers.

Knox Park, chaired by Marilyn Wilkerson. This sag handles everybody, and it can be hectic. But it's the only sag where you really see the scope of the invitational. At the high point, between 10 and 3, you may be asked to do anything from cutting fruit to running to the store for more food. This sag needs 12 volunteers, minimum.

So, those are your options. You can sign up for the committee of your choice at the next meeting, where forms will be available, or call Cindy Schneider at (708) 696-2356. Leave a message on the machine if I'm not there.

What's in it for you? Aside from the fun of your participation in a great event and the satisfaction of helping your club, that is? On the practical end, those who have to use their own vehicles (Sag drivers, route markers, and food delivery) will receive mileage. Everyone who volunteers will also receive an official Harmon Hundred T-shirt. Finally, your name will be entered in the raffle to be held at the banquet at the end of the season. And don't forget the fun and satisfaction part.

I'm sure I'll hear from you soon!
